

# *The Child's Brain with Dr. Pat Wolfe*

Napa County Office of Education  
2121 Imola Avenue, Napa  
**May 12, 2010**  
*Please RSVP by May 7th*  
*Parent Workshop Hotline 253-6890*

6:00 p.m.  
Dinner and Presentation  
\$10.00 Fee for  
Dinner and Materials

Join Dr. Wolfe to hear the latest research on the young child's brain and how it develops and learns. She will provide a clear explanation of the most significant research developments (including sensitive periods of development) and discuss the implications of this research for parents and other educators.

## ***The Presenter:***

Dr. Pat Wolfe, Ed.D., is a former teacher and education administrator. Over the past 20 years she has conducted workshops for thousands of administrators, teachers and parents in schools throughout the United States and in over 50 countries internationally. Her major area of expertise is the application of brain research to educational practice.
